|  | Regarding the OS, Windows is used by many companies, and there is a tendency that   |
|  | many students choose devices equipped with Windows. On the other hand, in terms of  |
| College of Biological Sciences                                     | using open source software used in the field of research, terminals equipped with Linux or  |
|  | UNIX-based macOS are often preferable. For those who want to deepen their studies in  |
|  | information science at university, we recommend that you consider the latter as well.   |
