

The 4th Business Leaders' Seminar

第4回ビジネスリーダーズセミナー

Pharmaceutical Industry where science drives business

Abstract:

In the pharmaceutical industry, science is not just part of the business but the core of the business. By walking through his global work experience, the speaker will highlight the industry's key characteristics and illustrate how science drives the business in the sector. The talk will also touch upon why higher education matters in the global pharmaceutical labor market.

Friday, February 6th, 2015 14:00 – 16:00
